Department Overview

The Anchorage School District is committed to educating all students for success in life. The Office of Diversity, Equity, Inclusion and Community Engagement plays an integral role in convening ASD efforts to ensure equity in access and opportunity in educational programs. This work includes civil rights compliance guidance across ASD departments in an effort to remove

barriers. The office also facilitates the Superintendent's Multicultural Education Concerns Advisory Committee, which is comprised of stakeholders from Anchorage's diverse communities united by the goal of educating all students.
