► Media Coverage Notice

There may be times during the school year when different media groups (newspapers, television, university, school production class, etc.) will cover activities at the various Boulder Valley Schools with articles, video or still photography that may be published locally or nationally. In addition, schools or the district may want to include school-oriented articles, video or photography in their own publications such as yearbooks and/or on their own websites.

Parents/Guardians who do not want their student to be included in media coverage must complete the media/directory opt-out section in their student's Infinite Campus account.

Athletics and Media Coverage

I understand that if I participate in middle/high school sports, the sports events at which I compete are public events and may be covered by media. I also understand my photo, name and other identifying information may be published by district and/or non-district media in print and/or electronic coverage of sporting events in which I participate.
