At Broward County Public Schools, a positive school culture begins with making every student feel valued, respected, and connected. The School Culture & Student Voice initiative brings together District recognition, practical guidance, and student leadership to build safe, inclusive, and welcoming schools across our community.

Throughout the year, the School Board of Broward County adopts resolutions that recognize observances and causes that matter to our students and families. From Choose Peace/Stop Violence Week and Diversity Awareness Month to Indigenous Peoples' Day, Digital Citizenship Week, and National Mentoring Month, these resolutions affirm the District's commitment to safety, respect, and belonging, and invite schools to celebrate, learn, and act together.

The Inclusive Schools Student Support Guide helps every school create a climate where all students can thrive. Grounded in federal, state, and local laws and the District's eight character traits (citizenship, cooperation, honesty, kindness, respect, responsibility, self-control, and tolerance), the guide offers clear action items for administrators, faculty, staff, students, and families. Its student-centered approach, paired with strong parental involvement, ensures consistent and equitable support across all schools.

Student voice comes to life through Pro Social Clubs. Advised by faculty and meeting regularly, these clubs span academics, the arts, athletics, leadership, and prevention, including SAVE Promise, SWAT, Project BRAIN, and Human Relation Councils. Using positive social norms, members promote healthy choices, kindness, and service.

Together, these efforts empower students to lead, connect, and shape the schools they want to learn in.

## + Inclusive Schools Guide

The guide gives faculty, staff, students, and families action items for promoting the District's eight character traits. It is meant to be used with a student-centered approach that includes parental involvement, so that students' experiences are consistent across schools.

**Inclusive Schools Guide →**

## + Pro Social Clubs

These clubs are made up of students who share a common interest. A faculty member advises each club, and the clubs meet regularly. The category covers academic, arts, prevention-based, humanities, leadership, and athletic groups.
