Partnerships Dashboard

About the Partnerships Dashboard

At Charlotte-Mecklenburg Schools, we believe that strong partnerships are essential to student success. The Partnerships Dashboard is our commitment to transparency and collaboration—offering real data on the impact of our community partnerships and the evolving needs within our schools.

This interactive tool provides a clear summary of active partnerships and the total value of donations supporting our students. Many of our partnerships are formalized through a Memorandum of Understanding (MOU), ensuring clear expectations and a shared commitment to student success. The dashboard highlights the top categories of need—such as food insecurity, mentorship, mental health support, and incentives for student achievement—so resources can be directed where they are needed most.

What the Dashboard Shows

- **Active Partnerships:** View the number of partnerships, including new, multi-school, and those formalized through an MOU. See which organizations are making a difference across our district.
- **Impact at a Glance:** Track total donations, the number of registered volunteers, and the overall financial impact of our partnerships.
- **School Needs:** See a breakdown of the most urgent needs by category and the status of efforts to fulfill them, helping ensure targeted, effective support for students.
- **Geographic Reach:** Explore a map of partner locations, showing the breadth of community engagement throughout the district.

Get Involved

Your support matters. The Partnerships Dashboard empowers community members, businesses, and organizations to identify where their contributions—whether time, resources, or services—will make the greatest impact. By working together, we can address critical needs and enhance opportunities for every student in Charlotte-Mecklenburg Schools.
