

In Elk Grove Unified, we believe in Healthy Minds, Healthy Bodies, and Healthy Learning. This family resources website is updated regularly and includes ideas for various at-home activities, community resources, social and emotional learning supports, family workshops, and more. Visit our EGUSD Family and Community Engagement (FACE) YouTube channel for additional video resources including ParentVUE support, enrollment information and attendance tips.

Family Resources

The EGUSD Digital Citizenship Website includes articles, online guides, parent tips and videos to help navigate social media, online gaming, parental controls, family contracts, and more. We draw from a variety of vetted organizations, such as Common Sense Media, that continually update resources in response to timely issues and concerns.

Please visit the **EGUSD Technology How-To Guides Website** for basic troubleshooting suggestions and guides for Zoom, Hotspots, Chromebooks, Classlink Portal, Passwords, etc. and other common tech issues encountered.
