

Strategic Plan

The **2025–2030 Strategic Plan** was approved by the school board in May 2025, following more than a year of thoughtful development. At the heart of the planning process was robust community engagement, ensuring the final plan genuinely reflects the values and aspirations of the FNSBSD community. A diverse steering team comprised of students, teachers, parents, community members, staff, and board members carefully reviewed community feedback and used key insights to shape the strategic priorities and goals of the plan.
