LIFE SKILLS FAMILY ENGAGEMENT

The Life Skills Family Engagement initiative is a dynamic six-part workshop series designed to empower students and families with essential life skills that foster independence, resilience, and informed decision-making. Aligned with the district's *Portrait of a Learner* framework, each session integrates key competencies including:

- **Workshop - Critical Thinking**
- **Workshop - Adaptability**
- **Workshop - Communication**
- **Workshop- Empathy**
- **Workshop- Digital Literacy**
- **Workshop- Collaboration**

Through interactive activities and meaningful discussions, participants will explore practical strategies for navigating real-world challenges. The series culminates with enriching opportunities bridging classroom learning with real-life experiences. This workshop series will be featured in early Fall 2026.
